Required Identification for Cruise and Vaccination Testing Requirements

- 1) A Passport Book is HIGHLY recommended and it should have an expiration date of at least 6 months after the last date of the cruise.
- 2) If you do not have a passport book you can cruise with a driver's license AND long form birth certificate (and marriage license to show name change) - Read Carnival's full list here:
<https://www.carnival.com/help?topicid=3409>
- 3) Carnival recommends that all guests be fully vaccinated (have had at least 2 shots of most vaccine types). If you are vaccinated you need to bring your vaccination card and currently do NOT need additional testing. Guests that are not vaccinated can cruise but do need additional testing taken within 3 days of the cruise. Many types of tests are accepted including at home tests. Read the full guidelines here:

How to Request a Booking

- 1) Fill out a booking request form at <http://mstcco.com/book> You will need to choose who the lead guest will be and that person will input all the information for the room and list themselves as the lead guest. You need to ensure that ALL names and birthdays match your form of ID exactly.
- 2) Email me at vivian@mainstreettravelco.com to let me know you are confirmed, who is in your room, what room type you would like, if you would like gratuities OR insurance added now, and if you are celebrating anything or have special needs.
- 3) I will set up everything in my system, place the room on hold in the group, and send you an invoice approval email. This will prompt you to pay the deposit. If you each need to pay with separate cards you can fill out the payment form twice. The link is <http://mstcco.com/pay>.
- 4) Once you are booked and deposit is paid I will send out more information on setting up an online account with Carnival and preparing for your cruise.
